

## **PLEASE READ THESE INSTRUCTIONS CAREFULLY**

- Directions to Main Administration Building - there is no Building Number (so please make sure you review the map)

Dr. Allwell's office will cover the cost of parking for all participants attending the LSAB meeting scheduled on August 12th from 1-5 PM, in the Main Administration Building, Room 1110.

Attached are directions to the Visitors Center where participants can park at any metered space. In order not to receive a ticket, it is very important that all participants visit the electronic pay station located in the lot first and punch in code number **05355343** along with their parking space number as well as the full duration of their visit.

**NOTE:** If participants initially punch in 2 hrs., but foresee they will stay longer, they will need to re-visit the pay station and punch in the code again and add more time.

Attached are the directions and map to the Visitors Center. The map also show the location of the Main Administration Building where the meeting will take place and is a short walk from the Visitors Center.

Participants should enter the building through the main entrance located on Regents Drive. I've also attached a pdf of the Parking Brochure with user information. Please make sure that everyone attending the meeting has a copy of this information for ease of parking.
